

For our office in Amsterdam, Redevco is currently looking for a

INFORMATION MANAGER SHAREPOINT (CORPORATE SERVICES)

Redevco at a glance

Redevco is a retail real estate investment management company. We aim to create more interesting places in which to live, work and shop in Europe's most attractive urban retail destinations. Our specialist investment strategies, local real estate knowledge and the scale of our Pan-European platform enable us to create value for both our retail customers and investor clients. Our highly-experienced professionals purchase, develop, let and manage properties, ensuring that the portfolios optimally reflect the needs of our clients. We believe in long term investments where quality and sustainability are key. We have 336 assets under management with a total portfolio value of about 7.5 billion EUR.

At Redevco, we value an open and honest style of working together. For us, respect and integrity go without saying. We are keen to invest in people who want to invest in themselves, their work and the company. We are interested in people who have a higher education qualification, who have good communication skills and a feel for business. Good written and spoken English language skills are a prerequisite for all positions.

The job

As creators of retail experiences, it is our aim to make places more interesting for people to live, work and shop in. As Information Manager for Sharepoint you will contribute to creating the technological environment, which enables us to excel in our ambition to be the retail real estate partner of choice. You have vision and develop strategy for new and existing applications and processes. You will manage demands for new requests from colleagues in the business, will translate business requirements into optimal solutions. This means you are on top of the design process and can develop trainings and implement tooling. You have experience in project management and implementing project changes.

To reach your goals, you'll be both working with colleagues from within the IT department, as well as colleagues and management in the corporate services office and the business in all countries. We are looking for a person who is at home in the functional application management, have worked as an implementation consultant and Sharepoint has no secrets from you. Experience in real estate is a plus, so is experience with Middleware/AzureMQ.

Your key responsibilities

- Demand Management for new requests from the business
- Responsible to translate business requirements into an optimal solution; meaning (re) design process, develop training or implement tooling and facilitate workshops for business development, requirement engineering
- Business Case Development
- Implement project changes
- Functional application management, 1st, 2nd and 3rd line support of the primary business applications

- Project Management of business application projects
- Develop vision and strategy for new and existing applications and processes
- Responsible for recommending suppliers for hardware and software related to the application landscape on a cost effective basis. Responsible for maintaining regular contact with suppliers including contract and licenses management
- Provide training to end user

Your knowledge and experience

- Experience in Real Estate (pre)
- Business Analyst
- Implementation consultant
- Functional application management
- HBO
- Sharepoint
- Middleware/AzureMQ (pre)

Key performance indicators

- Future proof IT environment
- Stable and reliable Sharepoint landscape
- Quality of work (error free, first time right)
- On time delivery of solutions

Location

You will be based in our office in Amsterdam (The Netherlands) as part of Corporate Services, a team with about 45 colleagues.

For more information, please contact Edith Verbossen (sr. HR Business Partner) at our Redevco Service Office in Amsterdam. Applications can be sent to Edith Verbossen.
