

NEWS RELEASE

6 February 2019

**OLIVER BONAS TO OPEN NEW BRIGHTON STORE AT  
REDEVCO'S HANNINGTONS ESTATE**

Oliver Bonas is bringing its unique mix of fashion, home and lifestyle products to Brighton's North Street this Spring. Part of Redevco's redeveloped Hanningtons Estate, the brand's new showroom will be close to Habitat, Watches of Switzerland, Flying Tiger and Cath Kidston.

Habitat opened its flagship city centre store in November and Watches of Switzerland will also be opening this Spring. Work is due to be completed on Hanningtons Lane, which sits behind North Street, in April.

The retailer has signed a 10 year lease on a 3,295 sq ft store across ground floor and basement.

Oliver Tress, Founder and MD of Oliver Bonas says, "We are so excited to relocate to a larger space in the Hanningtons development. Our team of designers have created a unique and inviting store in the heart of Brighton's Lanes and we can't wait to open our doors."

Andrew Foulds, Portfolio Director at Redevco comments, "Our vision for the North Street element of Hanningtons Estate was to extend the premium retail offer already found in East Street and we are delighted to welcome Oliver Bonas into the fold. This Estate is a carefully curated mix of the very best high street and independent brands. We can't wait to see the stores open in just a few months."

KLM Retail and GCW advise Redevco, Colliers International advised Oliver Bonas.
